

we learn, we build, we play with
LEGO® Bricks

AFTER SCHOOL

So fun it won't feel like learning!!

CENTRAL SCHOOL ENRICHMENT CLASSES FOR 1ST- 4TH GRADES

BLAST OFF TO SPACE WITH US!

A Bricks 4 Kidz is about learning, building and having fun.

Our S.T.E.M. (Science, Technology, Engineering, & Math) enrichment program combines the fun of building with LEGO® in a structured class. Each week students will discuss a S.T. E. M. concept, build a motorized model that will exemplify the concept and upon completion, use their imagination to modify the model. Students working in teams of two will:

- learn engineering principles
- develop critical thinking skills
- learn to how to effectively work in a collaborative environment

*During the 8-week session, students will learn about and build different models based on NASA designed equipment used to explore space. The motorized models will include **Centrifuge, Satellite, Space Shuttle, Mars Rover** (great timing with current events) and even the **International Space Station**.*

Sibling (ONLY) 10% discount code: TFRXVEQHSSMVUZOH

Tuesdays 3:30 - 4:30pm
Cost - \$114.00 for 6 week session

**Class dates: February 26th, March 5th,
12th, 19th, 26th & April 2nd**
